

SUITS BASELAYERS LIQUIDS TREE SPIDER SAFETY ACCESSORIES SPECIALS

ABOUT

Downpour Suit

(DOWNPOUR) From: \$139.99 To: \$359.98
Price as configured: \$0.00

Mountain hunting has its own set of challenges, and a solution: technical rain gear that's totally waterproof, comfortably breathable, and stays soft and silent from warm foothills to the frigid summit. Downpour™ is that and more: highly compressible SMT Technic material packs down to almost nothing, and antimicrobial S3® technology inhibits odor formation to help scent control.

- Jacket: Super micro brushed tricot with hydrophilic 10Kmm MTV breathability waterproof membrane
- 3 way adjustable hood with inner collar
- Wide storm flap over main zipper
- 2 Zippered YKK Aquaguard chest pockets

Reviews

Durable Water Repellency The outer fabric is treated with a water repellant hydrophobic coating which forces water to bead up and roll off the surface of the fabric. It extends the saturation point of the fabric and allows you to stay comfortable and in the field longer.

RainBlocker® Technology Waterproof, windproof, breathable technology which is impermeable to outside moisture, while allowing perspiration from the inside and dispersing it through the membrane system. Garment seams are heat sealed and secured with waterproof tape.

S3™ Silver Anti-Microbial Technology S3 products utilize antimicrobial technology which helps to inhibit the growth of odor causing bacteria. S3 keeps the garment smelling fresher longer.
